M9 PRO

INDUSTRIAL LOGISTICS

Zallys M9 PRO is a compact and maneuverable electric cart mover, perfect for indoor and outdoor handling of wheeled loads up to 3.000 kg (**6.613 lb**).

The electric controlled tilting arm and the electric clamp, both operated directly from the tiller head, ensure maximum safety and total ergonomics for the operator during coupling and uncoupling activities.

M9 PRO is ideal for a variety of needs related to logistics and material handling in many sectors.
