

AEUP® Platinum Warranty™
The **BEST** warranty in the industry:

- 10 years** on the mast and cylinder
- 5 years** on all components
- 1 year** on batteries, not prorated

The **ISP-7M™** manual push around vertical platform is a safe and cost effective alternative to ladders and podiums used in shops, supermarkets, warehouses, malls, offices, and libraries.

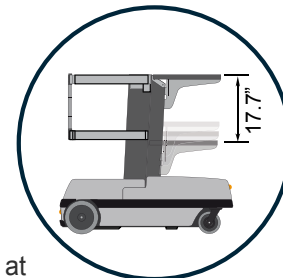

Easy, safe, and compact, it is an effective way to reach medium to high areas and merchandise during stock replenishment, customer selection, cleaning operations, and more. A clean, green machine, it can be used without fear of damaging leaks or odors.

This versatile unit allows effective space organization and easy, quick accessibility to both delicate soft goods as well as heavy objects.

MEASUREMENTS			
Specifications	Metric		USA
Max. platform height	2168	A	7'1"
Max. working height	4168	B	13'6"
Width	730	C	28.7"
Length	1155	D	45"
Entry height	363	E	14.3"
Height stowed	1500	F	59"
Operator bay capacity	130 Kg	G	286.6 lbs
Materials tray capacity	90 Kg	H	198.4 lbs
Transport hood tray capacity	90 Kg	I	198.4 lbs
Rated number of occupants	1 Person		
Unit total weight	280 Kg		617 lbs
Battery	N. 01 24V 85Ah		

Adjustable CARGO SHELF!
- easily regulated while on board the machine – maximize operator's comfort!

Loading platform at maximum height corresponds to the mast. It is very easy to place even heavy packs, using the column as the setting base and letting it slide up to the material tray.

The unit will automatically brake when stationary, as the wheel brake is always on. When the operator needs to move the unit, he simply presses a trigger style switch positioned on the platform's rail to release the brake while pushing the unit into the new working place.

Once on board just press a button to reach the desired working height up to 13'6" (4,17mt.) in a few seconds

Very light overall weight of the unit **ONLY 617 lbs (280 Kg)** makes it easy and comfortable to be pushed around and able to be used on every floor, even mezzanine floor.

Operator's platform with easy and safe access achieved by:

- Easy entrance with dual swing gates
- Step height only 14.29" (36cm)
- No obstacles at the entry point
