M22 is the electric solution for manual order picking.

Ideal for warehouses, stores, hypermarkets, food & beverages warehouses.

Its maximum loading capacity on flat grounds is 450 kg / 992 lbs in total, while the maximum speed is 5 km/h / 3.1 mph.

It is standard equipped with 2 x 12 v gel batteries for a daily use up to 8 hours.

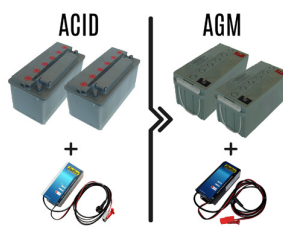

Our electric vehicles are not only CE certified but, more than 80% of the range is covered by the UL certification, which guarantees its suitability to the standards applicable in relation to potential risk of fire, electric shock and mechanical hazards.
