MICRO is the right solution for people who love freedom, for whom the need to move quickly and quietly in parks, gardens, on beaches and in large spaces.

With its strong steel frame and catchy Italian design, it is ideal on difficult grounds, offering the driver stability and a great control up to 60 Km on flat ground.

The Micro can be equipped with a basket and a golf bag holder and has the capacity to tow up to 250 kg / 551 lbs.

The Micro is equipped with a pressure sensor under the seat that allows the vehicle to function only in the presence of a man on board.

The motor has an electromagnetic brake that blocks off the vehicle preventing accidental slippery while on ramps and at full load.

The gears in oil bath avoid any kind of maintenance.

Our electric vehicles are not only CE certified but, more than 80% of the range is covered by the UL certification, which guarantees its suitability to the standards applicable in relation to potential risk of fire, electric shock and mechanical hazards.
