www.zallys.com

MICRO is the perfect solution for people who love freedom, to move in parks, gardens, on beaches and in large spaces, thanks to its low pressure motor wheel (430 mm) and two front wheels (330 mm).

With its strong steel frame and stylish Italian design, it is ideal on difficult ground, offering the driver comfort, stability and great control for trips up to 60 Km on flat ground.

The Micro can be equipped with a basket and a golf bag holder and has the capacity to tow up to 250 kg / 551 lbs.

It has a pressure sensor under the seat that prevent the vehicle from moving without a driver on board.

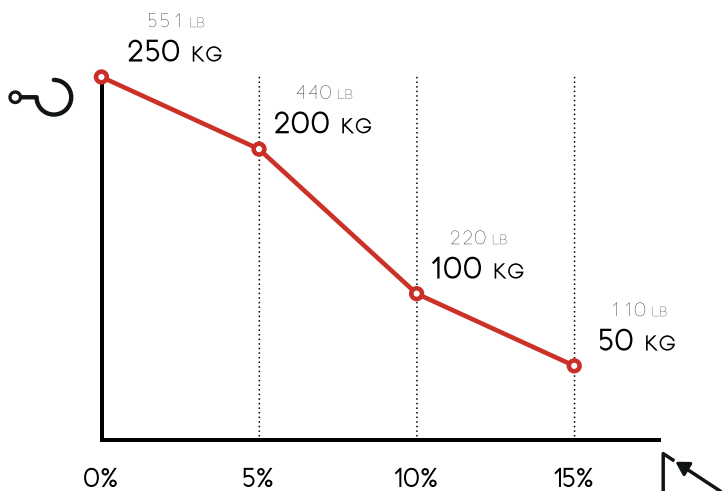

The handlebar drive has an accelerator knob, an electric brake and an LED in the middle which displays the charging levels. It's standard equipped with a pivoting seat.

Micro is equipped with an emergency stop, on/off keys, low level battery acoustic detector, and an external plug for fast charging.

Our electric vehicles are not only CE certified but, more than 80% of the range is covered by the UL certification, which guarantees its suitability to the standards applicable in relation to potential risk of fire, electric shock and mechanical hazards.
