CEMETERIES

XT
505

XT 505 is a 4 wheel pedestrian operated vehicle, principally used in the cemetery field.

No emissions, no vibrations, no engine noise and minimal maintenance, it is suitable for indoor and outdoor tasks respecting the constant quality standards of all Zallys products.

Made with a tough structure, for a simple and safe coffins handling. It is equipped with rollers for the coffin sliding as well as a lifting electric-idraulic system with a turnable pantograph to go as high as up to 2 m.

The motor is equipped with an electromagnetic brake that blocks off the XT505 preventing accidental slippery while on ramps.

The XT505 can work inside and outside carrying up to 350 Kg / 772 lbs.

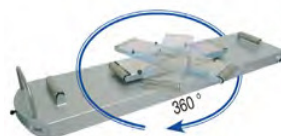

Our electric vehicles are not only CE certified but, more than 80% of the range is covered by the UL certification, which guarantees its suitability to the standards applicable in relation to potential risk of fire, electric shock and mechanical hazards.
